

HOW TO TORTURE ANIMALS

by Hyena Smith

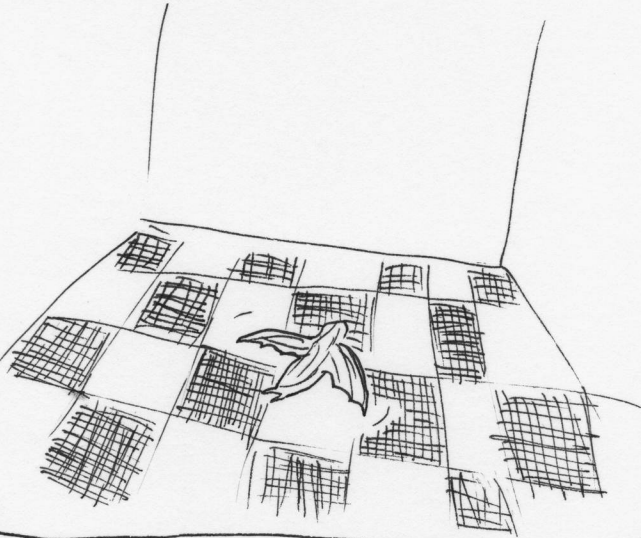

I don't LIKE torturing animals. It's just that I'm curious to see if they react to the same stimulus the same way every time. Know this: I am a shareholder in that glorious enterprise we call Science. But I have a screw loose because I think that no matter how many identical test subjects I perform on I can't help but wonder if my sample pool is too small.

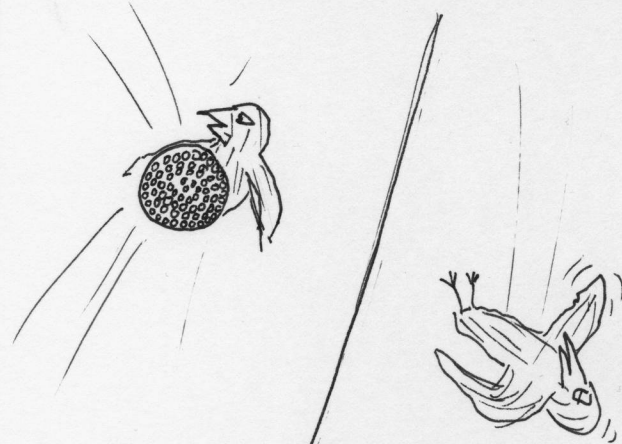

In 7th or 8th grade After school i Ate a box of Animal crackers... Aaand the box was dated 1988.

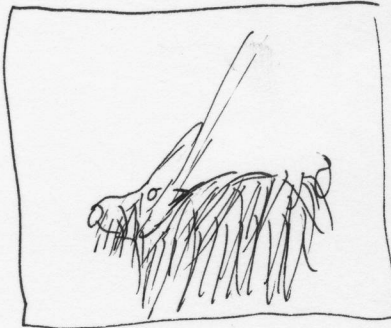

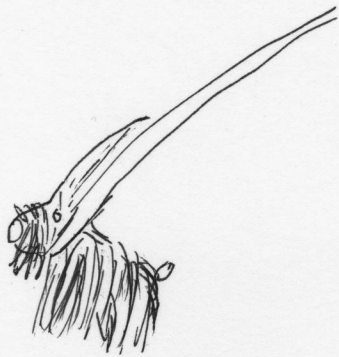

In our Bathroom there was a Bat and it came from the attic, But i thought it was my sister's toy Because it made a tick-tick-tick sound. I was Bored, a silly Boy and a Bozo of a Brother.

I went to a driving range and after missing twice i swung and a Bird flew By and the Ball hit the Bird. It was twitching and then it died.

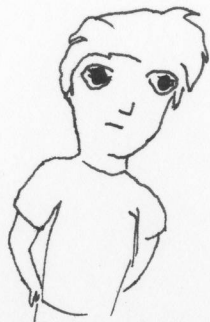

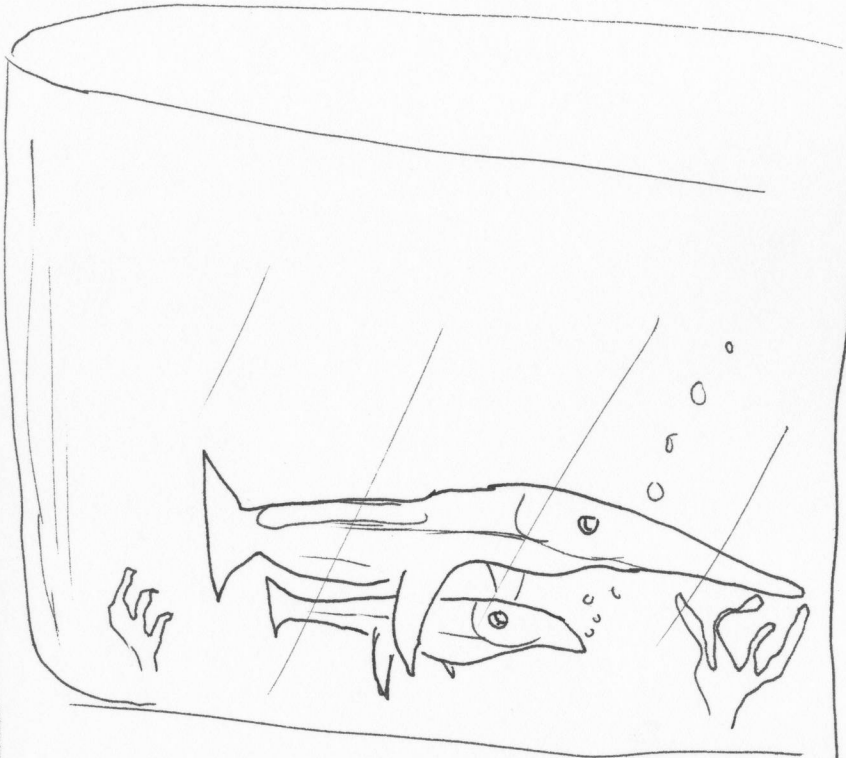

My Baby Brother and i saw a Bunny with long hair on a leash. He took a picture of it and we laughed about it later.

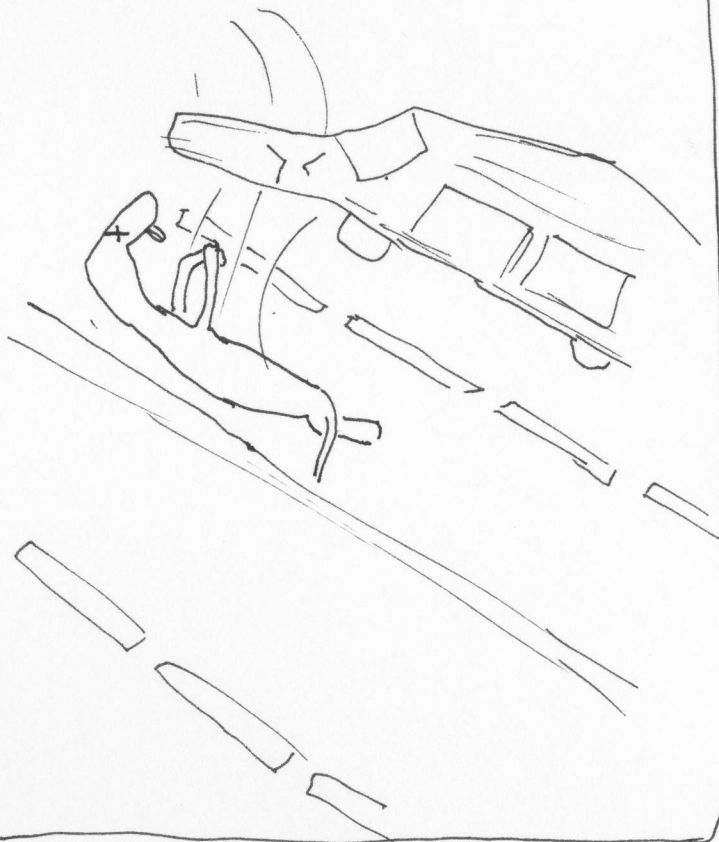

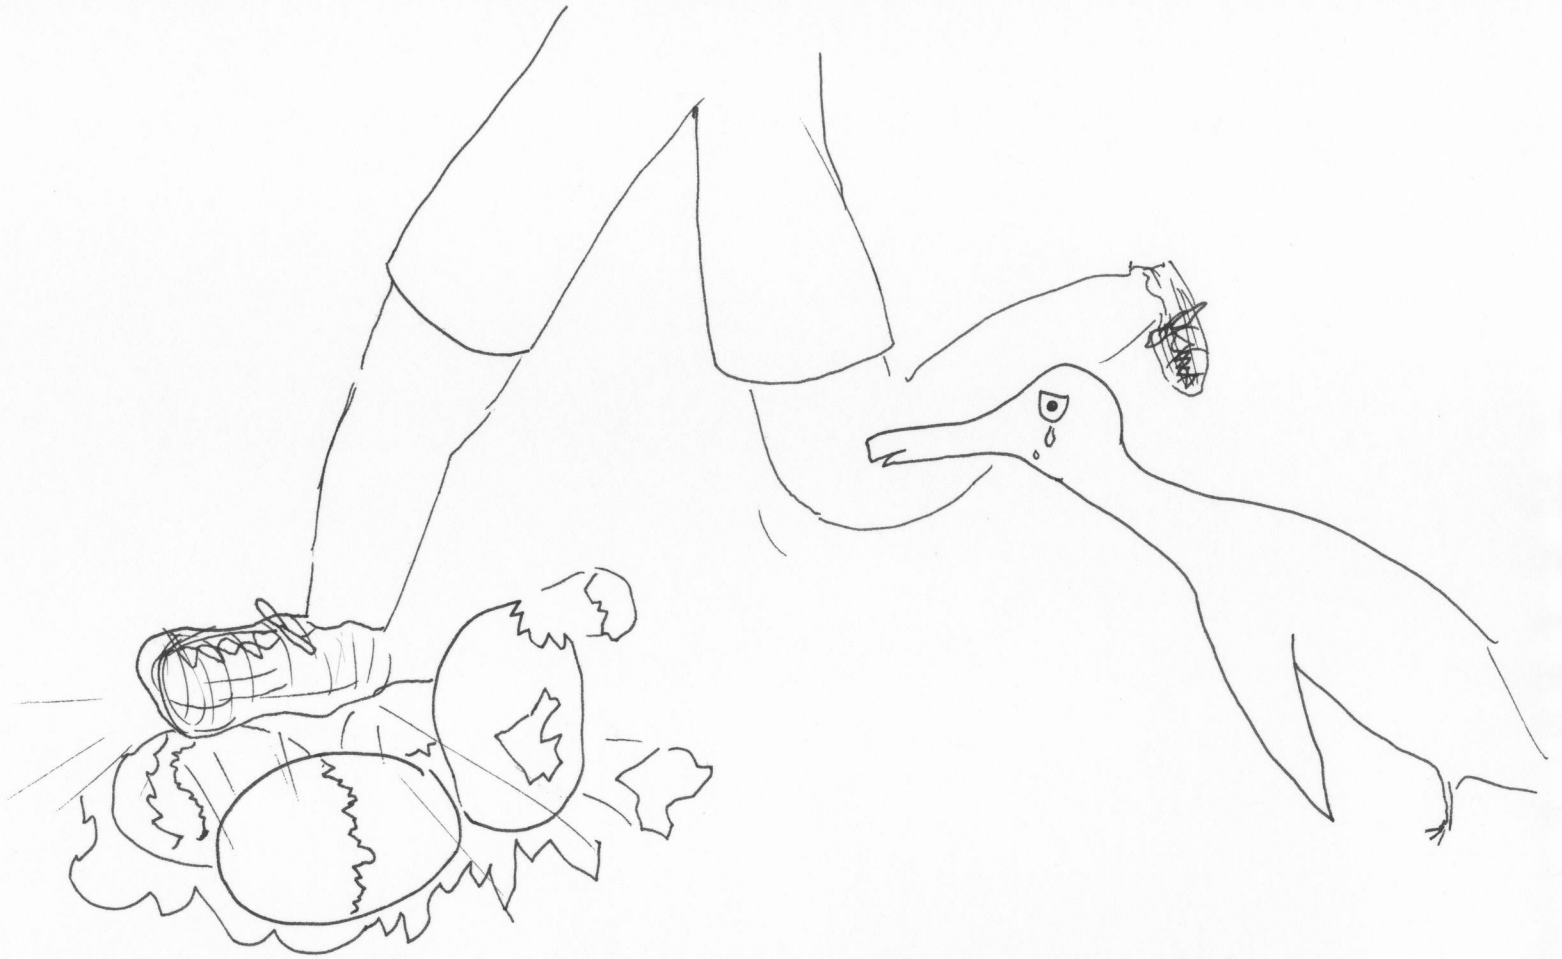

Chumless, as a Child i Collected Caterpillars.

At the aquarium, on the occasion of a baby Dolphin's birth, i was Disappointed there would be no Demonstration.
